Dear Jeanene,

I just wanted to thank you for all of your hard work to make our house building dream come true. After researching many avenues and options, when deciding our future home, we chose Cannon because of the professionalism and opportunity to build one of the greatest ranch floor plans that met our needs. The Crenshaw home is absolutely a unique design that makes daily living comfortable and family orientated.

Having never built a house prior, building with Cannon made each step in the process enjoyable and exciting. As the building process evolved, and we visited the property often, it was very comforting to see Dave on sight regularly. Knowing your subcontractors have been with you for years, and many being family members, made each step of the building process more than acceptable. I thank you for your dedication, communication, and over the top service while we built our lovely home.

Thanks again,  
Brenda and Rob Larsen
