

Several References From Past Customers

"We are proud of the home Cannon Construction has built for us. I would be very happy to discuss our building experience with anyone interested in purchasing or building a Cannon Construction home. You should know that this letter was not solicited by the Cannons. Rather, I wanted, in a small way, to show our complete satisfaction in our home in the hopes that others would share our good fortune."

David S. Attorney at Law

"If we were to build another home, you can bet Cannon Construction will build it. We are proud of our new home and the builder. Dave Cannon is a standard of excellence."

Enclosed is a copy of the letter that I sent to the Offutt AFB Housing Referral Office. I just wanted you to know how much we've enjoyed our house. Your company does an outstanding job.

"I would recommend Cannon Construction Company to anyone who is considering building a new home. Their quality and craftsmanship are second to none. Their price is at or near the lowest per square foot for comparable houses. Most importantly, the people that work at Cannon Construction Company are honest; you cannot find a more reputable builder. I know, because I looked at just about every builder in Omaha."
