

Dear Cannon Family, it has been a little over 2 years now that we have lived in our Cannon home and love it as much now as the day we moved in. We feel so fortunate to have selected you for our builder. It was not only a joy working with the entire Cannon family during the construction of our home but a very positive experience. Because you take pride in your construction we have a beautiful home.

We have received so many positive comments from family and friends regarding not only the beauty but the quality of workmanship. We would not hesitate one moment to build with you again as we feel you go the extra mile to please.

Affectionately,

Gary and Jean
